

PRESS RELEASE

dpSTUDIO environmental consulting & design LLC (dpSTUDIO) has once again been named Finance Monthly Magazine's U.S. Environmental Engineering Advisory Firm of the Year.

Every year Finance Monthly M&A Awards recognize and celebrate the achievements of dealmakers, management teams, financiers and professional advisers who have demonstrated their deal making excellence when working on some of the past year's most important Mergers & Acquisitions deals across the globe. Now in its 10th year the Finance Monthly M&A Awards celebrate excellence and exist to recognize and celebrate those companies and individuals who have delivered the highest quality results and have excelled their clients' expectations over the last 12 months.

Said Dennis Papa, dpSTUDIO's Founder and Principal Engineer upon learning of the award: "We are humbled to be recognized with this award for a second year. Proving ourselves once again that we are leaders in our industry, it is especially satisfying to know that we can efficiently address environmental issues while still helping our clients expand and grow their businesses. We continue to be called upon to support transactions that involve environmental due diligence for large manufacturing and distribution facilities, and involving large lines of credit. We enjoy working closely with management teams and their lenders, attorneys, and other advisors, and truly appreciate the continued trust our clients put in us to help with their complex and time-sensitive transactions."

Awards are based on voting from Finance Monthly's international readership of over 195,000 and using a rigorous ten point criteria to make final selections from shortlisted candidates. This year's criteria included such parameters as documented M&A support activity in the last 12 months; involvement in significant transactions; expertise and innovation; innovation in client care; value of involvement within transactions & deals; and strategic thinking and planning.
